## Understanding Your Life As Story: Creating The Next Chapter

By utilizing the timeless mythic structure of the Hero's Journey, filmmakers Steven & Whitney Boe will show you ways to:

- look at your life as a story;
- recognize signposts that have helped bring you where you are; and
- begin co-creating the next chapter full of purpose and passion.

Imagination, humor, and embracing the wisdom of uncertainty are incorporated into exercises and group dialogue in this playful and meaningful workshop.

- Discover tools to unlock your passions
- Learn to say "yes" to the journey
- Focus your imagination
- Write the next chapter of your life

The Boes believe our actions have a profound effect not only on others, but on the world as a whole. Their mission is to inspire your own personal transformation, bring your passion into focus, and then take that passion out into the world.

"eSpirit Bridge recommends seeing their incredible film, but it is not a prerequisite to attending our Workshop."
